## Christian and World

A SERMONETTE

BY THE REV. E. RADFORD

Pastor Calvary Evangelical Church

The Christians Relation to the World

"And be not fashioned according to this world—Rom. 12:2  
A. I AS that so many in the church are the result of the demands of the world. Doubtless we are either prayerfully and in the Bible's assertion that is the law of the world and God's people as Christians we are under sentence—the law is the spirit of life in Christ Jesus." (Rom. 8:2)

The Bible is the law of our existence of product and for life. If we deny this we have been given it for doubtless we are Christians at all. Jesus said, "If you make full come after Me and deny yourself and take up his cross you will follow Me." (Luke 9:23)

Many of the church members who have a religion in a non-biblical religion which is the result of evolution, living just the same life that a man in the world does. What say the scriptures? Jesus said, "No man can serve two masters for either he will be the one and love the other or else he will be the one and despise the other." Also He said, "He that is not with Me is against Me, and he that gathereth not with Me scattereth." (Mark 9:42-43)

The Saviour thus places a line of division between those who are in the world and those who are not. There is no middle ground where one can live and love the ways and things of the world.

It is true that we are in the world, but the world is not in us. If a man loves the world the love of the Father is not in him. 1 John 4:14 it is so! Be not unequally yoked together with infidels.

If we allow ourselves to be unequally yoked with unbelievers we commit an act as if we steal or lie. We are under solemn obligation to keep all God's commandments.

All lovers and adulterers know ye not that the friendship of the world is enmity with God? Whosoever therefore will be the friend of the world is the enemy of God. (James 4:4)

It is thus seen that we live in option in the matter. Jesus was separate from sinners. He will demands as a condition of companionship and patrige that the believer shall conform to its rules and cast out. This believer can never do without despising God and jeopardizing his deathless interests.

We must go forth into him who is the camp leaving his reproach. (Heb. 12:13) The Word of God answers the question so often asked, is it right for church members to play cards, dance and attend the theater?

## Marion Church Directory

## THE MARION STAR

THE HARDING PUBLISHING CO.,  
Owner and publisher of the Marion Star &  
Morning Tribune consolidated, September 24, 1902.  
Under the name of The Marion Star.  
Founded 1877. Re-established 1884.  
Entered at the Postoffice in Marion, Ohio, as  
second class matter.  
ISSUED EVERY AFTERNOON, EXCEPT  
SUNDAY.

Marion Star Building 129-142 N. State St.  
Member of the Associated Press—The Associated Press is exclusively entitled to the use of all news dispatches, cables, etc., for its own publication and no other paper or news service is entitled to the use of any news or information contained in the local news published herein. All rights of republication of special dispatches herein are also reserved.

Single Copy 10¢. 100 copies or more, 5¢ per copy.  
Delivery of Carrier —————— to Marion  
By mail to Marion and surrounding counties \$1.00  
Beyond Marion and surrounding counties \$1.50

Persons desiring the DAILY STAR delivered to their homes can secure it by postal or request or by ordering through telephone. If a friend or company or individual can be induced to do so.

STAR TELEPHONE  
Call 214 and ask The Star to be forwarded over or for the department you want.

NATURIDAY —————— APRIL 12, 1930

Star subscribers will greatly facilitate our delivery service by making all complaints to the business office, not to carriers. Please do.

DAILY PROVERB—We extol the productions of the ancients, but are wholly unimpaired of contemporary effort.

There was a gain of employment in New York City in March of 120 per cent over February. Every little helps.

Of course, it is to be understood that a temperature of ninety degrees and above is abnormal out here in the heart of the garden spot of the world. As they say out in California, it is exceptional.

The senate lobby investigating committee has announced its intention to investigate the Anti-Saloon league, the Methodist board of temperance, prohibition and public morals and the Federal Council of Churches of Christ in America, requiring them to produce their books, records and correspondence for the inspection of the committee. Well why not? When on a fishing expedition why not go after the big ones?

Moscow has warned the communists of Switzerland that they must be more active in propagandizing for world revolution or it will stop the subsidies it is paying them. Isn't it about time for Senator Borah again to offer that resolution for the recognition of Bolshevik Russia?

The Osservatore Romano says that this country is suffering from excessive tolerance rather than from intolerance and just a little thought given to the proposition should convince any fair minded person that that Italian paper's diagnosis of what's ailing us hits the nail squarely upon the head.

The locust plague in Egypt this year is said to be by far the greatest within the memory of any living man and the Egyptian government is said to be seeking a credit of \$3,000,000 to fight it. Maybe the thing is as painted, but we can not help but recall the way the government was worked for funds to fight the corn borer over here a year or two ago and the campaign against the Mediterranean fly down in Florida.

A New York jury awarded a Detroit woman of fifty-eight, a grandmother, a verdict of \$20,000 against a sixty-seven year old millionaire of the metropolis for damage done to her heart. It is mighty lucky for him that the circumstances of the case combined to show that the heart in question was of the reconditioned variety.

Philadelphia is to get Hog Island, the scene of the greatest orgy of spending in history which cost the government \$30,000,000, for the sum of \$3,000,000 of which less than a sixth is to be paid down the remainder of the principal to pay three per cent annually as ground rent for ten years, and after that six per cent until the amount is paid. Who dares say that Uncle Sam is lacking in generosity?

**A New Enterprise.**  
The news announcement that the Amesite Products company of Columbus would establish a branch at the quarries of the Ohio Blue Limestone company, two miles northeast of the city and planned to turn out 150,000 tons of their products annually made very pleasing reading at a time when the entire country is not feeling the recession in employment which set in last year immediately following the crashing of stocks which brought an end to one of the most disastrous periods of time in the history of the country—the next big enterprise which will add to the nation's wealth is bound to prove gratifying.

The region in which it is to be located in which they were maneuvering an alliance and overruled by a sedentary life which and his woman companion in the test. The manufacturers of the sediment overlooked a bet if they fail to stick to the government's wisdom and will not be subjecting them to a tank.

**The American Civil Liberties Union**  
Perhaps as good a stimulus to the American Civil Liberties Union as from its inception in May, 1920, New York to build a branch in the city May 1 for the recent statement that the Communists had a committee in the city to do the same in the year 1921. The committee is to be formed by the members of the party in the city to meet in early May and for its stone and will be the force nor the added force, with this to be what may be called large the will be their effect in improving the present situation, as there is no guarantee for the products of the American people to keep their own and the public from the starting of operations, and what will be left of the spring and the summer and the early fall.

Marion is fortunate in having great deposits of stone which is especially a 'plus' to the needs of the Amesite people and should prove a profitable one to those financing it, giving promise of its continuance.

Incidentally a plant of the kind to those to the city limits may mean a saving in price on any ameite used in Marion or Marion. It the saving is no more than a few per cent from decreased mileage of it has even that is worthy of consideration.

# SUPERIOR ROOFING CO. INSURES WORK

McDougall-Butler Buffalo Quality

Pure Lead and Zinc Paints

Paint and Protect Everything They Cover. Let estimate your painting to be done with these materials. Good Painting is Cheap Insurance

The Paint Man  
W. N. CROUSO

Upstairs  
125½ South Main St.

USES ONLY PURE ASPHALT MATERIALS

## A. L. KESSLER HEAD OF FIRM

Proprietor Has Had 24 Years' Experience in Application of Roofing Materials.

The Superior Roofing Co. is the only firm of the kind doing an exclusive roofing business in Marion as it is not only in the necessary of a but a expert applicator the roofing at W. L. Kessler at 125½ North State St. A. L. Kessler owner has had 24 years of the roof business and knows his material extremes from the one to the other of the materials to the market.

Mr. Kessler came to his roofing business about a year ago was a roofer and has been here in business for ten years. During this time he worked for only a few years, but through his own efforts he has become one of the best roofer in the business he has a lot of experience.

Can Supply Any Need.

The Superior Roofing Co. is an expert and reliable roof material dealer. All the roofing materials in natural fast slate in the area as well as Georgia slate. Pennsylvania green from Marion. The asphalt itself comes to a great extent from Trinidad, where large deposits are found.

The pure asphalt materials used in the insulation of the roofing are heated to a temperature of 415 degrees Fahrenheit at which temperature a special oil has been drawn off the asphalt to assure having a material which will not curl up or heat under extreme temperatures. Many roofing materials will curl up and cause the roof to become loose and soggy causing its rapid deterioration and giving it an ugly appearance.

The Superior Roofing Co. issues an insurance policy with every roof it applies which insures the owner for five years against any defect in application of material and also against the elements such as fire, water, wind and tornado. Mr. Kessler claims that the asphalt roof which he applies will last not merely the five years, while insured, but should last as long as 35 years or for the full period of the life of an average home.

An asphalt roof may be applied to a most any roof right over the shingles or whatever roof is in use assuring the home owner little if any inconvenience during the process of application. Mr. Kessler after a careful survey of Marion claims that asphalt roofing is the most satisfactory for 95 per cent of homes as many other kinds of roofing materials cause sagging, whereas asphalt roofing because of its thinness and durability makes a smooth, neat looking roof. Mr. Kessler has enough experience in his command that he can assure you prompt service.

### Reflects Character

The all arrive of you to I should be a matter of personal pride as the outside of a home reflects the character of its occupant. If the windows are ugly, the chimney is that its owner is according to public opinion asphalt roofing a sure and a durable fire and weather resisting roof which should be a matter of civic pride as well as practicability.

Improper roofs are the cause of most fires particularly at this time of year when the weather is changeable and furnace fires are built up quickly to stave off the cold breezes.

Unnecessary losses may be prevented by having your roof properly covered with fire-resistant asphalt roofing.

The cost of asphalt roofing is in a great amount as compared to the services, will give as it may be applied for from two-thirds less to one-third more than a shingle roof depending upon the type of material selected.

## GLARE OF SUNLIGHT IS HARD ON EYES

Examination is First Step in Proper Care of Optics, Dr. W. A. Dennis Says.

Glare on the links tennis court, baseball diamond, beach, fishing stream—the deck of a yacht—is irritating to the optic nerve endings and the retina of the eye. In the care of your eyes first have them examined by Dr. W. A. Dennis, local oculist.

To enjoy the outdoors, protect your sight from dazzling sunlight. The famous Soft-Lite eyeglass lenses are made in a special apothecary. They are not to be confused with the old-style sunglasses, goggles and ordinary glare removing glasses which often reflect light of importance.

Soft-Lite remove glare by certain scientific lens qualities and not by clouding the light—changing its nature.

To prove the convenience of vision of Soft-Lite lenses—strange to get a modern special glare demonstration—glare test, you will easily see the actual effects of glare and the reduced and improved vision afforded by Soft-Lite lenses.

The Superior Roofing Company is a member of The National Roofing Association. In order to belong to this very large group of roofing companies the following ten requirements must be met:

1. Experience in applying roofs
2. Highest class workmanship
3. Highest quality materials
4. A record of responsibility
5. Fair dealing
6. Financial stability
7. Honest guarantees
8. Prompt and efficient service
9. Reasonable prices
10. Integrity

Only a firm meeting these requirements may sell insured roofs.

Mr. Kessler says: Don't take our word for what we do. Take that of an insurance company who backs our roofs with their assets. If the insurance company were not certain that our roofs were of high quality materials and in line with the best of workmanship, assuring superior resistance to hail and wind, they certainly would not insure them.

The Superior Roofing Co. offers terms or cash and it may be assured that you will have a good roof when this company completes your job.

Seven other building permits were

### CLEARINGS DROP

Bank clearings last week totaled \$10,117.70, reports from the Marion Savings Bank clearing house show. This is considerably below the clearing of the past few weeks which amounted to \$10,000.00.

## MOHAT IS AWARDED TRIP TO CHICAGO

Delco-Light Dealer Here Will Attend Company Convention at Hotel Stevens.

Holland Ships Boatload to United States as Vegetable Becomes Scarce.

Cabbages which can be bought by the carload during the late summer months at three and four cents a pound are now commanding fancy prices.

When the price soared up around the 10, 12 and even 15 cent mark Holland began to take notice. That country promptly sent a boatload to all here.

Cauliflower took a corresponding jump in price that landed it at 25 to 35 cents a head. Leaf lettuce also fell the urge and jumped to 20 to 22 cents a pound.

Citrus fruits have continued at very high prices with little prospect of lower prices for at least a week.

Butter and eggs which have been comparatively low have been reaching Marion markets in such quantities that further reduce in prices are expected next week.

Bananas continued to sell low last week as a local fight between who is sellers sent the price to new low marks.

Strawberries which have been scarce are expected to arrive in larger quantities from Alabama or in Florida which have been around 60 to 80 cents will go down.

Important announcements concerning new Delco-Light products are expected to be made at the convention according to Mr. Mohat and complete plans for the 1930 selling campaign will be outlined by executives of the company.

Mr. Mohat is one of the leaders of the vast army of selling men who have right electricity to more than 350,000 farm homes through installation of Delco-Light individual electric plants and other Delco-Light products.

Cave-men tactics still exist among the aborigines of Australia. A woman is knocked on the head by her primitive husband and ruthlessly carried off.

Issued by City Clerk Sylvester Larkins bringing the total value of building set under way to \$20,000.

Only one dwelling, expected to cost \$2,500, is included in the list. The others include two garages, a porch, an office addition, remodeling a dwelling and remodeling a garage.

# MARTEL QUILTS; FORFEITS FINAL GAME

## Marion To Have Ultra Modern Nine Hole Golf Course

### Mar-O-Del Club To Open About June 1

New Layout To Be Located South of Town Near the Harding Memorial.

THE new Mar-O-Del nine hole golf course being constructed on the outskirts of Marion will afford one of the finest layouts in the central part of Ohio. The course is semi-private with membership fees easily within each of the average Marion golfer. The course will be completed and ready for play by the first of June or sooner if weather conditions permit uninterrupted work on the course.

Workmen are now engaged in rolling and ditching the proposed layout. It is expected to commence work on the construction of the greens some time next week.

Number 1 tee of the course is situated on the north side of the woods near the Harding memorial about 75 yards from the highway. The first hole is 310 yards in length with a slight dog leg in it. Woods and rough combine to form a hazard along the entire left side of the course from tee to green. Far for the first hole is four.

The second hole is a par shot with a 145 yard straightaway. The third hole is another straight 260 yard shot with a par four.

Hole number four is a 230 yard stiff wood with par three. The next hole is the only one of the layout which has more than four for par. It extends from the corner of the McKinley park property to the road. It is a par five.

A slight dog leg in the sixth will add to the difficulty of breaking par. It is a 302 yard shot with par four. The seventh hole will require two stiff wood shots to reach the green. It is 425 yards in length with a par four. The eighth hole will come nearer testing the metal of most golfers than any of the others. It is a sharp dog leg layout of 420 yards with a par four.

The final hole of the course is so laid out that the green is adjacent to the tee of the first hole. The ninth has par of four. It is 440 yards long, with a sharp dog leg to the left. The course will have modern facilities for all members. Shower facilities will be installed in the club house. At present the buildings already located on the property will be used for the club. There will be a club house adequate for all, a ready house and a stable.

More than 100 persons have signed for membership in the new Mar-O-Del club. Any of them who do not wish to wait until the first of June for the opening of this course have the privilege of playing over either the Upper Sandusky or the Shadley layout. The former is to be opened April 13 and the Shadley course will be ready for play the first of May.

Officials of the club will be chosen Monday night at a meeting of the board of directors which was recently named by members of the club.

**PAT McCARTY WINS BOUT WITH INDIAN; FIGHT STOPS MATCH**

Chief War Eagle Lands Stiff Right to Jaw To Conclude Alleged Wrestling Match.

BY KARL R. MCILROY

CHIEF WAR EAGLE went on the warpath last night in Bemus Colwell's mat program and today is seriously considering a non-stop flight to the wilds of Canada where wrestlers are wrestlers and Pat McCarty fails to exist.

Before he left Toledo, McGraw released Johnny Nestil. The former White Sox bant had trouble with an injured leg all spring. He will play this season with Toledo.

**REYNOLDS REINSTATED**

By The Associated Press

CINCINNATI, April 12.—Jack Reynolds has been reinstated as welterweight wrestling champion by the National Boxing association which has jurisdiction in 31 states. Reynolds was suspended for relinquishing his title a few weeks after winning it. In asking reinstatement, he agreed to defend the championship once every four months as required by the N. B. A.

**WE** are not altogether convinced as yet that the alleged reason for Marcell leaving the floor was not a mere sham on the part of the ring-leader to cover up an inability to stop the scoring prowess of Vic Gillis of the Engineers. It seems that Gillis proved too big an assignment and it is no secret that Clark would like to have held him to a very low score. Incidentally, Gillis has been stopped but once this season and that time by Bill Roush, one of his teammates. We're sorry the game ended as it did. At least the boys who were sportmen enough to want to complete the game should have been spared the unfavorable publicity.

Now that the final contest of the 1930 Class A division of the amateur county tournament has been completed we find a new winner resting in the highest position. The Marion Steam Shovel quint has passed through a highly successful season, winning all their games in the departmental league of the company. Their victory last night assured them of a perfect record for the year. Although they won officially by two points there is little doubt that the score would have been larger had they finished the game. They were leading 12 points when the opponents left the floor. Vic Gillis was setting the pace with eight points to his credit. His faking was far too deep for his Marcell guard, Clark. Gillis missed far more shots than he should but what he made easily gave him the lead in scoring.

**MARION Y INDUS. C.L.F.** is scheduled to make their final home stand of the basketball year night when they defend their Ohio Y conference title against the Youngstown Sphinx club. We hope they are more successful in their final attempt than the prominent lighter General Caskets. Sometime, we have been led to believe that the Youngstown club takes its name from saying little and doing much. Marcell seems to be more successful and will be looking on the basketball court even though it may be very narrow with all Sphinx principles. They have every right to do so and we hope they will take some points of pride in making the famous and much talked about conference. General Caskets are Marcell Y Indus. C.L.F.

**Losing Forwards Display Great Brand of Sportsmanship; Refuse To Quit.**

WITH the Marion Steam Shovel Engineers leading 15 to 2 with but a few minutes of time remaining, a competing team has declined to complete the game. The charge that I was favoring the Shovel Engineers is entirely without foundation. I called the play as I saw them. If I erred in any decision it was not the one which resulted in suspension of the game. It was obvious that the Marcell man was out of bounds. Although regretting the action taken by Marcell, I hold much respect for the two forwards who refused to QUIT when the break was against them. These are the statements of Marion Hinklin, the official who entered the disputed decision in the Class A game last night.

**Making the Most of Minutes**

When an emergency arises, it is sometimes literally necessary to be in "two places at once."

No matter what the distance, you can talk to almost anyone, anywhere by telephone. Just give Long Distance the number, and while you hold the line the call will go through—usually in less than a minute.

The cost is small—wherever you call.

**OHIO ASSOCIATED TELEPHONE COMPANY**

**High in power—moderate in weight—and therefore**

**SUPERIOR in PERFORMANCE**

**An 85-horsepower engine makes the New Oakland Eight the highest powered car produced for its weight and size, only racing cars excepted.**

**Because it develops one horsepower to 37 pounds of car weight, few cars can match the New Oakland's speed, pick-up and power.**

**This ratio of power to weight accounts for its superior performance.**

**... Furthermore, the inherent eight-cylinder smoothness of the power plant is intensified by a complete down-draft fuel system—new type cylinder heads—a short, very rigid crankshaft—and laminated steel spring and rubber engine supports.... The New Oakland Eight is also very economical to own. Its gasoline mileage equals that of many sizes of comparable cars.**

**The New Oakland Eight, \$1045 and up, f. o. b. Pontiac, Michigan, plus delivery charges. Lower Hydraulic Shock Absorbers included in list price. Shipping and handling extra. Special shipping covers extra. General Motors Time Payment Plan available at minimum rates.**

**Consider the delivered price, as well as the list f. o. b. price when comparing automobile values. Oakland delivered prices include only authorized charges for freight and delivery and the charge for any additional insurance or financing charges.**

**PRODUCT OF GENERAL MOTORS**

**\$1045**

# Hitch-Hikers Rob Cardington Physician of Automobile

## FORCED OUT AT POINT OF GUN

### FORMER MARYSVILLE MAYOR PASSES AWAY

Young Man and Woman Companion Drive Away To-ward Delaware.

**SPECIAL TO THE STAR**  
CARDINGTON, April 12.—A 45-year-old physician is making news here today after playing "Good Samaritan" to a young couple and a woman companion last night.

The hitch-hiking couple were picked up by Dr. H. H. Camp of two miles south of Mt. Gilead at 10 o'clock last night. They told the physician they were forced to abandon their car on account of motor trouble and were anxious to get to Delaware.

A few miles down the road one of tires on Dr. Camp's model A破了. The tire changed the car and down on into Cardington.

On the edge of the village limits the young man, at the point of a gun, ordered the physician to stop. After he got out of the machine the couple drove on in the direction of Delaware.

Campbell walked the rest of the way into town where officials were notified. Authorities in surrounding towns were called.

It was revealed by officer's notes that the machine abandoned by the couple before being picked up by the local physician had been stolen in Elgin.

#### Claridon News

CLARIDON—Mr. and Mrs. J. W. Grouse, who are moving to Caledonia soon, entertained the following guests over the weekend: Mr. and Mrs. G. T. Fadley, of Columbus, and Mr. and Mrs. Leslie Grouse of Caledonia.
